

MATCH PLAY SCORECARD

Below is a guide; ultimately all I need to know is who won & how many holes each golfer won.

REQUIRED / FIRST THING: write MATCH PLAY on bottom line of both front & back 9, to avoid confusion with your 3 Buck Chuck scorecard. You have to play all 18 holes, as holes won are a group tiebreaker. Send me a photo of attested scorecard via email or text 415-717-2583, then drop in our drop box.

In the example below, there is a 5-stroke difference in handicaps (25-20=5), so the 5 hardest holes in the Handicap row will have a dot in the Higher handicap player's hole box score. NOTE: There is a different handicap row for the Red Tees at bottom of scorecard.

1. 1st line = High handicap name with CH/course handicap & tee played in top right corner.
2. 1st line = A dot in top right corner of every hole that the higher handicap player gets a stroke.
3. 2nd line = Low handicap name with CH/course handicap & tee played in top right corner.
4. 1st & 2nd line = winner of hole has a circle around his/her score.
5. 3rd line = running score of Low Handicap player as he is either ahead, behind, or tied on holes
6. Far right last column = holes won by both players for all 18 holes

Again, ultimately all I need to know is who won & how many holes each golfer won.

** If you have questions, please don't hesitate to ask.

REMINDER:

You will be responsible for verifying your handicap & your opponent's handicap. Mike Toth posts the list on the senior board above the DCSGC scorecard drop box; or use Handicap Lookup in the USGA GHIN app (using the CH for course handicap). If you need help, please first download the USGA GHIN app (& if possible, create a profile using your GHIN number, also posted by Mike Toth with the handicap list).
